This certificate attests knowledge and clinical reasoning demonstrated by written assessment in a self-paced module. It does not attest bedside competence, confers no licence or clinical privilege, and is not a substitute for a supervised, hands-on neonatal resuscitation course. It is NOT the Neonatal Resuscitation Program® and confers no NRP® provider status or eCard; NRP® is a registered trademark of the American Academy of Pediatrics. No CME credit unless separately accredited. The verification code is deterministically re-derivable from the displayed figures — it is not tamper-proof.
